CEREMONIAL MATTERS

City of Willows

Proclamation

National Vietnam War Veterans Day

WHEREAS, the United States of America Vietnam War Commemoration gives us the opportunity for all Americans to recognize, honor and thank our Vietnam Veterans and their families for their service and sacrifices during the Vietnam War from November 1, 1955 - April 30, 1975; and

WHEREAS, more than 9,000 organizations across America have joined with the Department of Defense as Commemorative Partners to honor our Nation's Vietnam Veterans, including the Jacob Bennett Chapter of the New Mexico State Organization National Society of the Daughters of the American Revolution; and

WHEREAS, the commemoration includes the 9 million Americans, approximately 7 million living today, who served in the United States Armed Forces during this period, and makes no distinction between those who served in-country, in-theater, or were stationed elsewhere during those 20 years because all of them answered the call of duty; and

WHEREAS, on March 28, 2017, the U.S. government passed the Vietnam War Veterans Recognition Act officially recognizing March 29th as National Vietnam War Veterans Day.

NOW THEREFORE, I, Gary Hansen, Mayor of the City of Willows and on behalf of the Willows City Council and the Citizens of Willows, do hereby proclaim March 29, 2024, as Vietnam War Veterans Day and urge all citizens of Willows to recognize the valor and sacrifice of our veterans of the Vietnam War through ceremonies and prayers.

IN WITNESS WHEREOF, I have hereunto set my hand and official seal this 26th day of March 2024.

Gary Hansen, Mayor

City of Willows

Proclamation

Kiwanis Club 100th Anniversary

WHEREAS, Kiwanis International is one of the largest service organizations in the world, with more than 430,000 members of all ages and abilities in more than 80 nations and geographic areas; and

WHEREAS, the members of the Kiwanis Club of Willows are devoted to improving the world one child and one community at a time, by seeking to give primacy to the human and spiritual rather than the material values of life; and

WHEREAS, in addition to improving the lives of children in Willows and in communities around the world, Kiwanis club members promote the development of community leaders, positive role models, intercultural understanding and cooperation, and opportunities for fellowship, personal growth, professional development and community service; and

WHEREAS, the first Kiwanis club started its service in Detroit, Michigan, U.S., in 1915; and the Kiwanis Club of Willows held its first meeting on March 26, 1924; and

WHEREAS, the service provided by the Kiwanis Club of Willows will continue to have a positive impact on our community and citizens.

NOW THEREFORE, I, Gary Hansen, Mayor of the City of Willows and on behalf of the Willows City Council and the Citizens of Willows, do hereby proclaim March 26, 2024, as Kiwanis Day in honor of their 100 years of service to our city and call upon all citizens of Willows to render support to the members of this organization and to make themselves aware of Kiwanis International, whose members this day are providing meaningful service to our homes, schools and community.

IN WITNESS WHEREOF, I have hereunto set my hand and official seal this 26th day of March 2024.

Laws and Regulations

Laws are currently in place that support making naloxone more readily available. For example, [California Civil Code Section 1714.22 \(Statutes of 2013, Chapter 707, Sec. 1\) \(PDF\)](#) eliminates civil and criminal liability for: 1) licensed health care providers that prescribe naloxone and issue standing orders for the distribution of naloxone, and 2) individuals that administer naloxone to someone suspected of experiencing an overdose after receiving it along with required training. This law took effect on January 1, 2014.

THURSDAY FEBRUARY 15, 2024

SHASTA COUNTY, Calif. — The growth of fentanyl use, overdoses, and deaths have been well-documented, nationally and locally. Today, Shasta County Supervisors heard more about it and pledged to do something about it.

Adult Services Program Manager Katie Cassidy consolidated information from various sources in a presentation to the board: Since 2019, there have been 95 deaths; 402 overdoses in Shasta County. She says several highways meet in and around Redding and that could contribute to a high rate of opioid use and abuse.

“The I-5 corridor: a huge trafficking zone where it intersects with multiple highways which, we think, also influences that,” said Katie. “The fentanyl deaths really are concentrated more along the I-5 corridor, is another pattern that was brought to light with this information. Whereas when we can take a comparison with the meth data, it was more spread out across the community.”

The number of cases is showing a sharp rise with the primary affected age group from 25-44 years old.

What is Naloxone?

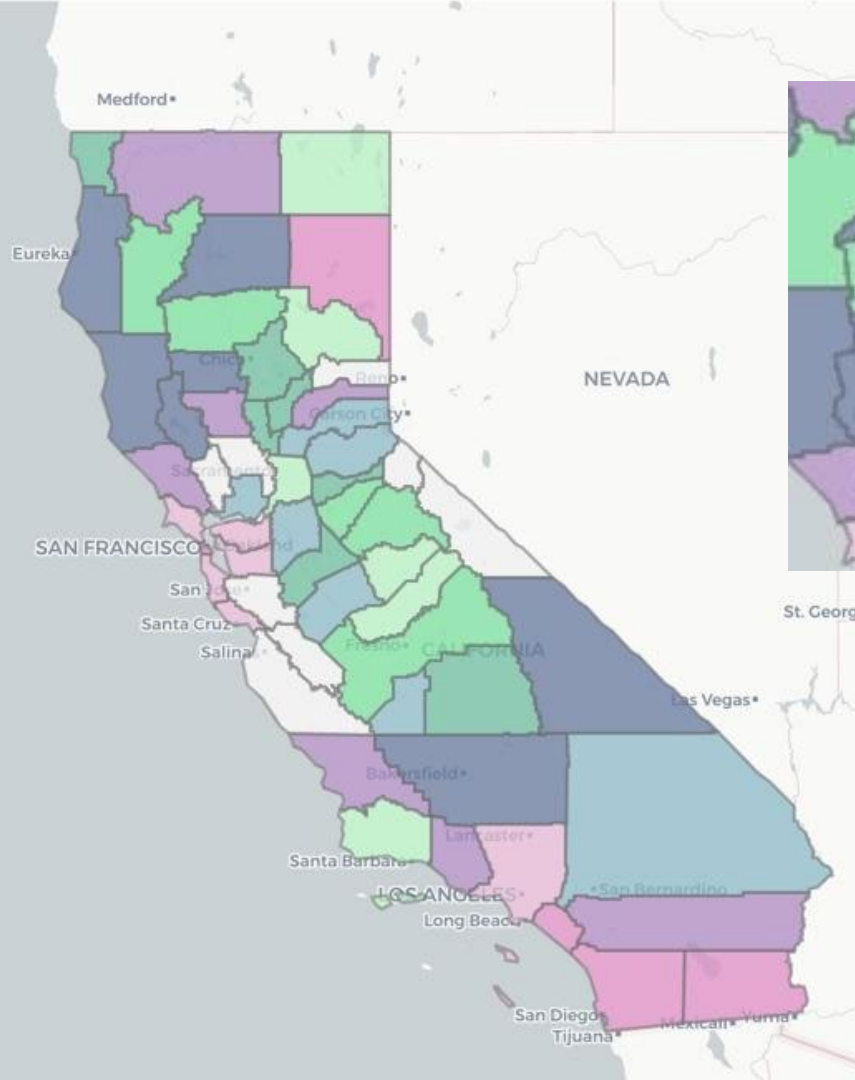

Naloxone is a medication that works almost immediately to reverse opiate overdose. Naloxone is currently a prescription drug, but is not a controlled substance. It has few known adverse effects, no potential for abuse, and can be rapidly administered through intramuscular injection or nasal spray. While most professional first responders and emergency departments are equipped with naloxone, emergency service providers may not arrive in time to revive overdose victims. Trained and equipped bystanders such as friends, family and other non-health care providers (lay people) and drug users themselves can effectively respond and reverse an opioid overdose. Given the success of bystander naloxone programs, the CDC and the World Health Organization have recommended expanding the availability of naloxone to lay people.

Laws and Regulations

Laws are currently in place that support making naloxone more readily available. For example, [California Civil Code Section 1714.22 \(Statutes of 2013, Chapter 707, Sec. 1\) \(PDF\)](#) eliminates civil and criminal liability for: 1)

One person is dead and a dozen others were rushed to the hospital after an apparent mass fentanyl overdose in Chico, California, on Saturday morning.

Four of those taken to the hospital are in critical condition, according to authorities. Police called the 13 people "friends and acquaintances," but did not provide exact relationships to the homeowner. The victims ranged in age from 19 to "about 30," police said.

Police did not provide many details of the person who died, but said he was an adult male who died on the scene.

Two police officers, the first to appear on the scene, were also taken to the hospital after reporting symptoms. They were treated and released, police said.

To: Honorable Mayor and Councilmembers
From: Amos Hoover, City Clerk
Subject: Sierra Nevada Cheese Company Grant Letter of Support

Recommendation:

Approve a letter of support in favor of Sierra Nevada Cheese Company's grant application for their anaerobic digestion project.

Rationale for Recommendation:

Requested by Mayor Hansen.

Background:

Sierra Nevada Cheese Company is applying for a grant from the California Energy Commission (energy.ca.gov) to install an Anaerobic Digestion (AD) facility that processes wastewater from cheese production. Anaerobic digestion is a process where bacteria consume waste and generate methane as a byproduct (e.g., biogas). Biogas produced by the AD facility will fuel an electric generator and provide clean, renewable electricity to the cheese factory. The AD facility will also process the wastewater into a high-quality water supply to irrigate orchards and agricultural land.

Discussion & Analysis:

The result will be a dramatic decrease in greenhouse gas emissions from the facility, improved water quality for the region, and growing economic and environmental sustainability for the company. To minimize environmental impact and integrate it into existing operations, the AD facility will be built in what is now an open-air lagoon. Benefits of the project include: A reduction of electrical and natural gas costs, eliminate waste disposal costs, ease load demand on the power grid, create new jobs, cut facility air emissions, and improve water quality.

Fiscal Impact:

There is no fiscal impact by providing this letter of support.

Re: Endorsement for Sierra Nevada Cheese Company's Anaerobic Digestion Project

Dear CEC:

The City of Willows is writing to share its enthusiastic endorsement for the grant application submitted by Sierra Nevada Cheese Company for its Anaerobic Digestion (AD) Project. We are deeply committed to supporting innovative, solution-oriented initiatives that will have a positive impact in our community.

The Sierra Nevada Cheese Company's proposal to install an AD facility to process wastewater from cheese production is not just about technological innovation; it's also about investing in the future of our community and environment. By harnessing AD to generate clean, renewable energy and produce high-quality irrigation water, Sierra Nevada Cheese Company is setting a precedent for responsible environmental stewardship and economic sustainability.

We have all witnessed firsthand the challenges and opportunities facing our local dairy industry, and are acutely aware of the importance of supporting projects like the AD Project. This project has the potential to not only reduce greenhouse gas emissions and improve water quality, but also create jobs and bolster economic resiliency in the region.

The Sierra Nevada Cheese Company's commitment to excellence and sustainability, combined with the innovative nature of the Anaerobic Digestion Project, makes them a deserving applicant for the CEC's support. We urge you to consider their grant application favorably, knowing that your support will make a meaningful difference in the future of our community and the region.

Very truly yours,

Gary Hansen, Mayor
City of Willows
(On behalf of the Willows City Council)

CC: City of Willows City Council

DISCUSSION & ACTION CALENDAR

Date: March 26, 2024
To: Honorable Mayor and Councilmembers
From: Marti Brown, City Manager
Subject: Glenn Groundwater Authority - Prop 218 Study

Recommendation:

Discuss the Glenn Groundwater Authority’s upcoming Proposition 218 Study and approve paying the GGA assessment on City of Willows parcels.

Rationale for Recommendation:

The GGA seeks direction from the City of Willows as to whether it wishes to continue to directly fund the agency on behalf of property owners (as it has done since 2019) or opt for some other approach. This is a continuation of the discussion from the February 13, 2024, City Council meeting.

Background:

In 2014, the Sustainable Groundwater Management Act was passed and signed into California State Law which set into motion a change in the way groundwater is managed throughout California. In 2017, the Glenn Groundwater Authority was formed, which is currently comprised of ten member agencies, including the City of Willows. The first two years of operations were funded by member agency contributions.

In 2019, the Glenn Groundwater Authority approved a property-related fee to fund the operations of the agency. The maximum fee was set at \$1.93 per acre. The first year, the fee was set at \$1.61 per acre and has since been set at \$1.50 per acre. The City of Willows adopted Resolution 16-2019 memorializing the City’s intention to directly fund the Glenn Groundwater Authority for the acreage within the City limits of Willows and the property owned by the City of Willows. The City of Orland passed a similar Resolution with the same commitment.

Discussion & Analysis:

While the Glenn Groundwater Authority is currently updating its fees, the City has paid approximately \$2600 per year over the past four years (with very slight annual variations).

Currently, via a Proposition 218 Study, the GGA is considering property-related fees based on assigned user classifications for each parcel to distinguish between different types of water users. As a result of the proposed Proposition 218 Study, the GGA anticipates that the rates will increase to between \$2.40 and \$5.50 per acre. The total new assessment cost to the City of Willows would range between \$4,159 and \$9,531 per year.

As demonstrated by the City's past support, the Glenn Groundwater Authority is seeking the continued assistance of the City of Willows to directly fund the Glenn Groundwater Authority on behalf of the property owners within the City's jurisdiction.

Fiscal Impact:

Depending on the results of the Proposition 218 study, and if the City wishes to continue its commitment to directly fund the GGA on behalf of property owners, the City would incur a cost of up to approximately \$10,000 per year.
