Article I. General Provisions

9.20.010 Findings.

(1) The Federal Controlled Substances Act (21 U.S.C. Section 841 et seq.) makes it unlawful to manufacture, distribute, dispense or possess cannabis, and, accordingly, medical and nonmedical cannabis dispensaries and retail businesses are illegal under federal law;

(2) In 2013, Deputy U.S. Attorney General James Cole issued a memorandum to all federal prosecutors to provide guidance on the enforcement of the Federal Controlled Substances Act as it related to cannabis, indicating that enforcement would not be a priority in states and local jurisdictions that have laws authorizing cannabis-related conduct; that have implemented strong and effective regulatory and enforcement systems that will address the threat those state laws could pose to public safety, public health, and other law enforcement interests; and that have provided the necessary resources to demonstrate the willingness to enforce their laws and regulations;

(3) In 2015, Congress began to defund enforcement of the Federal Controlled Substances Act in states where such enforcement activities would prevent states from implementing their own state laws that authorize the use, distribution, possession or cultivation of medical cannabis;

(4) The voters of the state of California approved Proposition 215 (codified as Health and Safety Code Section 11362.5 et seq., "The Compassionate Use Act of 1996" or "CUA"); the intent of Proposition 215 was to enable persons who are in need of cannabis for medical purposes to obtain and use it without fear of state criminal prosecution;

(5) On October 9, 2015, Governor Brown approved a series of bills commonly referred to as the Medical Cannabis Regulation and Safety Act ("MCRSA"), effective on January 1, 2016, which established a comprehensive state licensing and regulatory framework for the cultivation, manufacture, transportation, storage, distribution, and sale of medical cannabis, also known as marijuana; and which recognizes the authority of local jurisdictions to either impose additional restrictions or prohibit certain activities related to the cultivation, manufacture, transportation, storage, distribution, delivery, and sale of medical cannabis;

(6) On November 8, 2016, the voters of the state of California approved Proposition 64, known as the "Control, Regulate and Tax Adult Use of Marijuana Act" ("AUMA"), which established a comprehensive state licensing and regulatory framework for the cultivation, manufacture, transportation, storage, distribution, and sale of recreational cannabis, also known as marijuana; and which recognized the authority of local jurisdictions to either impose additional restrictions or regulate or prohibit certain activities related to the cultivation, manufacture, transportation, storage, distribution, delivery, and sale of recreational cannabis;

(7) On June 27, 2017, Governor Brown signed into law SB 94, a bill which, among other things, reconciled differences between MCRSA and AUMA, and established a new statutory framework regulating medical and nonmedical cannabis use, possession, cultivation and commercial activities in the state of California (referred to as "MAUCRSA");

(8) The city council of the city of Willows has recognized, and continues to recognize, the potential adverse impacts on the health, safety, and welfare of its residents and business from secondary effects associated with commercial cannabis activity, which include: offensive odors, trespassing, theft, violent encounters between growers and persons attempting to steal plants, fire hazards, increased crime in and about points of sale, robberies of customers, negative impacts on nearby businesses, nuisance problems, and increased DUI incidents;

(9) There is a need to adopt health, safety, and welfare regulations to avoid or mitigate adverse impacts on the community which may arise from commercial cannabis activity;

(10) The MCRSA, AUMA and MAUCRSA set forth a comprehensive framework to regulate cannabis and cannabis products from seed to use or ingestion by a consumer, which includes uniform health and safety standards designed to implement quality control, a labeling and a track-and-trace program, and other consumer protections, which mitigates against some of the potential adverse impacts identified by the city council; and

(11) An effective regulatory system governing cannabis in the city of Willows as provided in this chapter, will address potential adverse impacts to the public health, welfare, and safety, thereby allowing commercial cannabis activity and other use of cannabis and cannabis products consistent with California law. [Ord. 736-17 § 7 (Exh. B), 11-28-17].

9.20.015 Purpose and intent.

It is the purpose and intent of this chapter for the city council to exercise its police powers derived from Section 7 of Article XI of the California Constitution and state law to promote the health, safety, and general welfare of the residents and businesses of the city of Willows by regulating cannabis activities within the city's jurisdictional limits, unless preempted by federal or state law. [Ord. 736-17 § 7 (Exh. B), 11-28-17].
