City Hall Temporarily Closes on Fridays Due to Budget Constraints

(Willows, CA) – Starting Friday, June 7, Willows City Hall will temporarily close on Fridays due to budgetary constraints and reduced staffing levels. It’s anticipated that City Hall will re-open on Fridays once the City’s finances improve.

“The City is committed to providing efficient and effective city services; however, we’re in a financial crisis and we have staffing issues. But we’re going to get through this, and we will improve the City’s situation,” stated Mayor Hansen.

With advance notice of 24 hours or more, Friday appointments may also be made with City staff to issue permits and/or engage in meetings regarding other city business.

“It’s unfortunate that the City’s finances and staffing levels necessitate closing on Fridays. Hopefully, this is only a temporary situation,” commented Marti Brown, Willows City Manager.
