

GET INVOLVED!

Public Engagement Opportunities

Workshop Flyer | May 2019

www.CityofWillows.org

YOUR INPUT IS NEEDED TO PLAN FOR WILLOWS' FUTURE!

The City of Willows has embarked on a process to update its General Plan!

The City of Willows is updating its General Plan- a document that serves as the city's 'Playbook' for decisions on land use, infrastructure, public services, resource conservation, and much more!

The update will address critical questions facing the community over the next two decades. What's needed to accommodate future growth and attract quality jobs? How can we make this Willows an even better place to live, work and play?

We'd like to hear from you at an upcoming public workshop!

UPCOMING WORKSHOPS: VISIONING WORKSHOP

In May, the General Plan Update's visioning workshop will take place. Members of the project team will introduce the community to the General Plan Update and ask participants to share their ideas for the vision and core values.

Workshop #1

May 30, 2019 @ 6:00 pm
Willows City Chambers
201 N. Lassen St. Willows,

Your input is important, and the City of Willows wants to hear from you!! You are invited to attend the Visioning Workshop to learn more about the General Plan and provided your input about key issues and challenges our community is facing. You are also invited to take a brief online survey. Please click on the link below:
